

## Crossroads - Kirei Coffee Table

The Crossroads coffee table is simple, functional and visually dynamic. The splayed, tapered walnut legs support the Kirei Board top. Kirei is made from sorghum straw and is a very sustainable and interesting alternative to traditional plywood. Visit their site for specs at [www.kireiusa.com](http://www.kireiusa.com).

Dimensions: H: 18.5" W: 32.75" L: 32.75"
